Education

Samrat Ashok Technological Institute, Bachelor of Technology

(2023-2026)

• CGPA: 7.31

• Coursework: Computer Science and Engineering

(2020-2023)

Govt. Polytechnic College, Diploma

• CGPA: 8.58

• Coursework: Computer Science and Engineering

Technical Skills

Programming Language: Java (intermediate), JavaScript and Python.

Web Development: Node.js, Django, HTML, CSS, Bootstrap, PHP and Three.js.

Tools Plateforms: GitHub, Xampp – Server and MongoDb.

Databases: MySQL and NoSQL.

Experience

Backend Developer, TCR - Innovation Team

Aug 2022 - Nov 2022

- Developed a Library Management System using Django.
- Enabled students to view issued books, due dates and manage library transactions efficiently.
- Improved Librarian workflows by automating book additions and record keeping.

Projects

Movie Dekho - Online Movie Ticket Booking Plateform

- Build an innovative and user-friendly movie-ticket plateform system.
- Tools Used: Js , PHP , SQL and Bootstrap.
- Secured 27th position among 12,000 participants in Stack Hack 2.0 Hackathon.

Library Management System

- Designed and developed a Django-based web application to replace traditional library record-keeping.
- Integrated student login and tracking functionalities to improve efficiency.

Period-date Prediction

- Developed an application to predict menstrual cycle dates based on user inputs.
- Enhanced accuracy for personalized predictions.

Screen-Time Reduction

- Built an application to monitor and limit screen time for healthier digital habits.
- Developed using REST API to provide real-time tracking and user-analytics.

Achievement

Secured 27th position out of 12,000 participants in Stack Hack 2.0 Hackathon.
